## OUI Inc. Accepted Its First International Intern

From December 2023 to January 2024, OUI Inc. hosted its first international intern!

Ms. Joanna Ho, from the University of Queensland, Australia, has worked with us using her expertise as a medical student. She analyzed epidemiological data and networked with international research partners.!

It was her first time in Japan, and although it was only for a short period of about 3 weeks, she did a great job, finding some new partners in Bangladesh!

Thank you very much, Joanna! We hope that your internship with OUI Inc. was meaningful for you professionally and personally! Feel free to return to OUI Inc. at any time!

OUI Inc. will continue to collaborate with domestic and international medical professionals to develop innovative ophthalmic diagnostic models with the Smart Eye Camera!

### Intern:

- Joanna Ho  
(University of Queensland, Australia)

## **LET'S COLLABORATE! FEEL FREE TO CONTACT US!**

Through our Smart Eye Camera, OUI Inc.'s vision is to reduce blindness in the world by 50% by 2025 by delivering appropriate diagnoses to patients who have not been able to receive eyecare.

So far, we have conducted various pilot projects in more than 20 countries around the world, including Asia and Africa, in cooperation with local ophthalmologists, NGOs, medical institutions, and international organizations.

The internationally recognized CE marking is expected to further increase the recognition and confidence in the Smart Eye Camera, not only in the European market but also in Asia and Africa.

In our current corporate stage, the pilot projects are necessary to understand the obstacles of developing countries where our product may flourish to help the maximum number of people in need.

That is why we ask for help, offer for future collaboration from all of you, our possible partner, to get the Smart Eye Camera delivered all across the globe to get the proper diagnoses and treatment that all people deserve!
