OUI Inc. Members Deliver Invited Lectures at Vietnam's Largest Ophthalmology Conference, VOS 2024r

From November 2 to 4, 2024, 4 OUI Inc. members spoke at the Vietnam Ophthalmology Society Conference 2024 (VOS 2024) in the city of Buon Ma Thuot. The 4 members were - CEO Dr. Shimizu, COO Mr. Nakayama, Orthoptist Mr. Nishimura, and Dr. Rohan. held in Buon Ma Thuot, Vietnam. VOS Conference is Vietnam's largest ophthalmology conference, attracting leading ophthalmology professionals from both within the country and abroad.

The topics presented by OUI Inc. were as follows:

Dr. Shimizu

"Development of Artificial Intelligence for Diagnosis of Nuclear Cataract in Non-mydrriatic Eyes: Efficiency as a Screening Tool?"

Dr. Shimizu discussed the development of AI technology for diagnosing nuclear cataract in non-mydrriatic eyes and its efficiency as a screening tool.

Mr. Nakayama

"Epidemiological Characteristics of Ophthalmic Diseases in Mozambique Using Smart Eye Camera."

Nakayama presented findings on the epidemiological characteristics of ophthalmic diseases in Mozambique using the Smart Eye Camera.

Mr. Nishimura

"Cases of Home Medical Care and Telemedicine in Ophthalmology in Japan."

Nishimura introduced case studies on home medical care and telemedicine applications in ophthalmology in Japan.

Dr. Rohan

"Assessment of Functionality of Smart Eye Camera: A Smartphone-attached Slit-Lamp Microscope and Fundus Camera."

Dr. Rohan evaluated the functionality of the Smart Eye Camera, a smartphone-attached slit-lamp microscope and fundus camera.

The conference provided an excellent opportunity to engage in active discussions with Vietnamese doctors and healthcare professionals, fostering valuable connections for future collaboration. Additionally, presentations by local universities and researchers offered meaningful insights into Vietnam's healthcare initiatives and challenges.

Moving forward, OUI Inc. is committed to further collaboration and contributing to the advancement of ophthalmic care worldwide.

LET'S COLLABORATE! FEEL FREE TO CONTACT US!

Through our Smart Eye Camera, OUI Inc.'s vision is to reduce blindness in the world by 50% by 2025 by delivering appropriate diagnoses to patients who have not been able to receive eyecare. So far, we have conducted various pilot projects in more than 20 countries around the world, including Asia and Africa, in cooperation with local ophthalmologists, NGOs, medical institutions, and international organizations. The internationally recognized CE marking is expected to further increase the recognition and confidence in the Smart Eye Camera, not only in the European market but also in Asia and Africa. In our current corporate stage, the pilot projects are necessary to understand the obstacles of developing countries where our product may flourish to help the maximum number of people in need. That is why we ask for help, offer for future collaboration from all of you, our possible partner, to get the Smart Eye Camera delivered all across the globe to get the proper diagnoses and treatment that all people deserve!
